edit-backup:

The monthly for edit-community seems to be made every week instead every month.

Last monthlies are from 2022-03-29, so we should check again in 1 month if there are really new monthlies done.

Generally the weekly and monthly backups seem to work

databases on all servers:

Backups seem to work as expected. I cleaned up some weekly folders a bit.

So except for the above issue we can close this ticket.
