

## EDIT - feature request #10036

### Allow description sources to have nameUsedInSource

04/07/2022 10:29 AM - Andreas Müller

|                        |                |                        |           |
|------------------------|----------------|------------------------|-----------|
| <b>Status:</b>         | New            | <b>Start date:</b>     |           |
| <b>Priority:</b>       | New            | <b>Due date:</b>       |           |
| <b>Assignee:</b>       | Andreas Müller | <b>% Done:</b>         | 0%        |
| <b>Category:</b>       | cdm            | <b>Estimated time:</b> | 0:00 hour |
| <b>Target version:</b> | CDM UML 5.43   |                        |           |
| <b>Severity:</b>       | normal         |                        |           |

#### Description

Similar to description element sources sources for description (datasets) usually refer to a taxon name which may differ from the accepted taxon name.

So description sources may also inherit from NamedSource but this is tricky because DescriptionBase inherits from IdentifiableEntity.
