

EDIT - bug #10144

Cancel for Specimen-Search does not work

Severity:	normal		
Description			
.. in specimen tree editor.			
When I do a search with a large result I get a warning that the result will be large (e.g. on phycobank-test I got a warning that ~1400 records will be returned when searching for "A*"). I did choose "Cancel" but still the TaxEditor was busy and unresponsive afterwards for a longer time.
