Status:	Closed	Start date:	
Priority:	Highest	Due date:	
Assignee:	Katja Luther	% Done:	100%

Target version:	Release 5.35

Description			
... to move or delete terms			
NoK:			
was wir auf jeden Fall in Zukunft noch brauchen, ist die Verschiebung (und Löschen?) auch von mehreren markierten Termen eines Vokabulars, bisher nur in der Einzahl möglich; das dauert so zu lange.

Delete and the menu entry for moving is available only for a single term, but moving by drag & drop is already available for more than one selected term. So this should be easy to implement.
