EDIT - task #10208

only use cacher for static terms

12/17/2022 12:13 PM - Andreas Müller

Status:	New		**Start date:**	
Priority:	Highest		**Due date:**	
Assignee:	Andreas Müller		**% Done:**	0%
Category:	cdmlib		**Estimated time:**	0:00 hour
Target version:	Release 5.45			
Severity:	normal			

Description

In DefinedTermBase we have cacher and termMap for static access to terms. We should unify this.

The TermLoader should load terms into the cacher instead the termMap.

History

#1 - 12/17/2022 12:13 PM - Andreas Müller

- Description updated

#2 - 02/24/2023 12:21 PM - Andreas Müller

- Target version changed from Release 5.35 to Release 5.45

However, we need to be careful as the cacher uses ehcache. It must not have a timeout as in case of the terms cached for TaxEditor.
