

## EDIT - bug #10266

### Linking navigator with taxon slows down TaxEditor

03/09/2023 01:01 PM - Andreas Müller

<b>Status:</b>	New	<b>Start date:</b>	
<b>Priority:</b>	New	<b>Due date:</b>	
<b>Assignee:</b>	Katja Luther	<b>% Done:</b>	0%
<b>Category:</b>	taxeditor	<b>Estimated time:</b>	0:00 hour
<b>Target version:</b>	Release 5.45	<b>Found in Version:</b>	
<b>Severity:</b>	major		
<b>Description</b>			
If linking is switched on in the navigator:			
			
the TaxEditor slows down tremendously in large classifications. I observed this e.g. in E+M Hierarcium taxa (but also others).			
The reason is that the linking work synchronously and runs very often.			
Best solution would be to run it asynchronously so it does not slow down at all. If this is not possible for some reason the data that needs to be retrieved needs to be reduced or the interval prolonged. Currently it is almost impossible to work with the link switched on.			

#### History

#1 - 03/09/2023 01:01 PM - Andreas Müller

- Target version changed from Unassigned CDM tickets to Release 5.45
