

## EDIT - task #10285

### Catch hibernate search exception so hibernate search dependencies are not needed anymore

03/22/2023 05:54 PM - Andreas Müller

<b>Status:</b>	New	<b>Start date:</b>	
<b>Priority:</b>	New	<b>Due date:</b>	
<b>Assignee:</b>	Katja Luther	<b>% Done:</b>	0%

<b>Target version:</b>	Unassigned CDM tickets		
<b>Severity:</b>	normal		
<b>Description</b>			
copied from <a href="#">#10277</a>			
If hibernate search indexing throws an exception this may result in a <code>HibernateSystemException</code> . This is not nice as it requires that <code>spring-orm</code> and <code>hibernate-search-engine</code> are on the <code>taxeditor</code> classpath just to be able to handle <code>HibernateSystemException</code> and <code>BridgeException</code> .			
We should try to find a way to avoid this.
