EDIT - bug #1835

PALMS. Not clear format for authors and references to be parsed correctly

Target version:	Release 5.45		
Severity:	major	**Found in Version:**	

Description

For a name like Geonoma awaensis A.J.Hend., Borchs. & Balslev, Britoonia 60: 190 (2008), the author team is not parsed properly (A.J.Hend. is taken as part of the only author and Borchs. & Balslev are parsed as part of the reference.

Also, the reference is underlined in yellow and there is a message saying The name has problems. detail or year part ambiguos. I don't see what's wrong with it.
