- File picture930-1.png added
- Status changed from Resolved to Feedback
- Assignee changed from Patrick Plitzner to Katja Luther

I could not reproduce this exception how described above but there is another one.

Now there is also the context menu option to move the factual data when right-clicked on an element

By the way, the tooltips for both options seem to be swapped.

steps to reproduce:

1. Open context menu for description element
2. Select "Move Factual Data to Other Taxon"
3. Select any other taxon and click ok

```

#7 - 10/05/2018 10:14 AM - Katja Luther

The NPE I could not reproduce. The menu entry for move factual data is displayed only for descriptions, now.
Why the tooltip was swapped (only in english, in german I could not reproduce), I don't know because there is no tooltip defined for these menu items.

#8 - 10/05/2018 12:32 PM - Patrick Plitzner

- Status changed from Feedback to Closed
- % Done changed from 50 to 100

works fine

#9 - 10/25/2018 10:55 AM - Andreas Müller

- Private changed from Yes to No

#10 - 02/05/2019 01:38 PM - Katja Luther

- Related to bug #7746: NPE when deleting volatile DescriptionBase added
