Target version:	Release 5.18		
Severity:	normal		
Description			
Hallo Andreas,			
Bei der Specimenanzeige gäbe es glaube ich noch einige einfache Verbesserungsmöglichkeiten.			
Das wichtigste finde ich die Anzeige von hierarchischen Daten. Diese führen häufig zu sehr redundanten und unübersichtlichen Daten.			
Z.B. bei Exact Location, bekommen wir derzeit folgendes:			
<pre>Exact location 28°1'30"N, 112°55'55.2"E (Google Earth) Longitude 112.932° Latitude 28.025° Reference system Google Earth</pre>			
Könnte man es nicht bei der Anzeige der ersten Zeile belassen und nur auf Mausclick die nächste Stufe anzeigen. Jedenfalls überall dort, wo die Überschrift die wichtigsten Daten bereits enthält. Collections sind glaube ich ein ähnlicher Fall.
