

EDIT - feature request #3989

[DISCUSS] Allow defining the vocabularies to be offered in the select dialogs

01/23/2014 06:03 PM - Andreas Kohlbecker

Status:	Resolved	Start date:	
Priority:	Highest	Due date:	
Assignee:	Andreas Müller	% Done:	60%
Category:	taxeditor	Estimated time:	2:00 hours
Target version:	Release 5.4		
Severity:	normal		
Description			
When entering distributions selecting an NamedArea can be cumbersome if multiple parallel vocabularies exist which have the same or very similar areas. It would be nice if it would be possible to define the vocabularies to be offered in the select dialogue (originally requested by Eckhard for Euro+Med) This is probably solved already. But maybe only as local preference that is valid for all locally used databases. Better it should also be available as DB preference as the vocabularies to be used should be something the project may want to define. The current implementation was implemented by PP for many or all selection dialogs (there should be a ticket somewhere).

- Assignee changed from Andreas Müller to Andreas Kohlbecker

The arrow button in the upper right corner already allows filtering in theory, but this functionality currently doesn't seem to work. So we should fix it anyway. For E+M users the filter should be automatically set correctly (by installing E+M default preference configurations ?).

#2 - 08/18/2014 12:15 PM - Andreas Kohlbecker

- Keywords set to Euro+Med,Migration

#3 - 09/13/2017 03:08 PM - Andreas Müller

- Subject changed from Allow defining the vocabularies to be offered in the select dialogs [DISCUSS] to [DISCUSS] Allow defining the vocabularies to be offered in the select dialogs

For E+M this is at least needed for

- distribution areas
- common name areas
- distribution status

- Assignee changed from Andreas Müller to Katja Luther

How far is this implemented in current TaxEditor? I can't see CdmPreferences admin settings yet for these 3 preferences.

- Estimated time set to 4:00 h

#13 - 05/11/2018 10:55 AM - Andreas Kohlbecker

This feature request is also relevant for Vaadin UIs ([#6732](#) and `eu.etaxonomy.cdm.vaadin.ui.RegistrationUIDefaults`). Since the CdmPreferences are to be used to define the sets of terms the mechanism to filter terms by the preferences should also be implemented in the cdmlib, preferably as filter option (PrefKey termFilterPreset) in the service api. By this we can avoid duplicate implementations in the taxeditor and vaadin.

****Filter Parameter PrefKey termFilterPreset:**

service method may check for a specific key_subject, e.g. regex: `/termFilterSet/.*` or exact: `/termFilterSet/NamedArea/` to make sure a valid preference value is passed in.

#14 - 05/11/2018 10:59 AM - Andreas Kohlbecker

- Related to feature request #6732: Rank selector offering 2 filtered lists of ranks (default, all) for phycobank added

#15 - 05/17/2018 02:28 PM - Andreas Müller

- Target version changed from Release 5.0 to Release 5.1

#16 - 05/28/2018 11:25 AM - Andreas Müller

- Status changed from New to In Progress

#17 - 05/28/2018 11:31 AM - Andreas Müller

For E+M common name areas, distribution areas and distribution status is important.

#18 - 06/28/2018 12:11 AM - Andreas Müller

- Target version changed from Release 5.1 to Release 5.2

#19 - 08/17/2018 03:54 PM - Andreas Müller

- Target version changed from Release 5.2 to Release 5.3

#20 - 09/06/2018 01:24 PM - Katja Luther

- Target version changed from Release 5.3 to Release 5.4

#21 - 10/16/2018 12:40 PM - Katja Luther

in admin preferences now there is the possibility to define the vocabularies for common name area selection, distribution area selection and distribution status selection.

#22 - 10/23/2018 11:13 AM - Andreas Müller

- Status changed from In Progress to Resolved

- Assignee changed from Katja Luther to Andreas Müller

- % Done changed from 0 to 40

maybe fixed already, so set to resolved

#23 - 10/23/2018 11:14 AM - Andreas Müller

- Related to feature request #7235: Make available area vocabularies a database preference for TaxEditor distribution editor added

#24 - 05/28/2019 02:28 PM - Andreas Müller

- % Done changed from 40 to 60

- Estimated time changed from 4:00 h to 2:00 h

Generally implemented for dialogs needed in euro+med.

Still needs check for open issues/other dialogs and for not existing UI for setting the preferences.
