

EDIT - bug #3992

[CHECK] Use last scrutiny instead of sec reference

01/24/2014 11:15 AM - Andreas Müller

Status:	Resolved	Start date:	
Priority:	Highest	Due date:	
Assignee:	Andreas Müller	% Done:	80%
Category:	data	Estimated time:	4:00 hours
Target version:	Euro+Med Migration	Found in Version:	
Severity:	normal		
Description			
In E+M the last scrutiny field may better represent the meaning of the secundum reference than the PTRefFK field does. We may have to adapt E+M imports this way.			
First discuss with Eckhard.

History

#1 - 01/24/2014 11:25 AM - Andreas Müller

Hallo,

Ich erinnere mich, dass es einen wichtigen Grund gab, warum wir sec. Referenz und last scrutiny getrennt behandeln. Leider fällt mir dieser aber nicht mehr ein. Es müsste aber E-Mail Korrespondenz (zum Beispiel zwischen Walter und Eckhard) dazu geben.

Viele Grüße

Anton

#8 - 09/03/2018 02:28 PM - Andreas Müller

- Status changed from New to In Progress

Last scrutiny is now imported as sec references for those taxa having a last scrutiny information. Otherwise PTaxon.ptRefFk is taken as before.

- Subject changed from Use last scrutiny instead of sec reference to [CHECK] Use last scrutiny instead of sec reference

#12 - 05/12/2019 10:40 AM - Andreas Müller

- Status changed from In Progress to Resolved

Generally this worked. Special cases will be handled in separate tickets.

After import we will need to check all taxa having still a former sec reference as sec reference and see if these should be handled differently somehow.
