<b>Description</b>			
<p>Some relations such as TaxonRelations are opinion. We may want to have a field to verbally explain why an author thinks that this relation exists/is correct.</p> <p>Needed e.g. by Moose #4670</p> <p>Currently we use Annotations for this. But this may not be enough.</p> <p>It needs to be discussed which RelationBase classes do need such a field.</p> <p>see also #4681</p>
