

EDIT - feature request #5015

Use treeindex for loading of aggregated images

06/19/2015 07:22 PM - Andreas Müller

Status:	New	Start date:	
Priority:	Priority14	Due date:	
Assignee:	Andreas Müller	% Done:	0%
Category:	cdmlib	Estimated time:	0:00 hour
Target version:	Release 5.43		
Severity:	normal		
Description			
Loading images for image rich higher taxa takes time. We may try to improve performance by using the treeindex previous ticket #2686 For details and examples see there. Another solution could be to use the aggregation base algorithm that is also used for distributions and descriptive data and to require pre-aggregation instead of on-the-fly aggregation.
