

EDIT - feature request #5030

feature request # 4931 (New): [Master] Fix Performance Issues

Implement new dto object for TaxonNavigator

06/25/2015 12:34 PM - Cherian Mathew

Status: Duplicate	Start date:
Priority: New	Due date:
Assignee: Katja Luther	% Done: 0%
Category: taxeditor	Estimated time: 0:00 hour
Target version:	
Severity: normal	
Description Since the performance of the taxon navigator is quite slow when remote loading taxon nodes, it is required to have a more lightweight dto which contains all the necessary information. This will require a specific hql query + service call on the service side to generate the dto as well as the corresponding implementation in the taxon navigator. The dto should represent a tree node with access to its parent and children and the service call should allow for pre-loading the child nodes upto a certain specified depth	
Related issues: Is duplicate of EDIT - feature request #2380: TaxonNavigator should work with... Closed	

History

#1 - 06/25/2015 01:53 PM - Andreas Müller

- Assignee changed from Andreas Müller to c.mathew -

#2 - 09/08/2015 02:22 PM - Andreas Müller

- Keywords set to performance,

#3 - 11/20/2015 10:52 AM - Cherian Mathew

- Target version changed from Remoting 5.0 to Remoting 6.0

#4 - 04/03/2017 05:40 PM - Andreas Müller

- Description updated

- Assignee changed from Cherian Mathew to Katja Luther

- Target version changed from Remoting 6.0 to Unassigned CDM tickets

This is a general issue not only related to Remoting

#5 - 05/12/2018 03:46 PM - Andreas Müller

- Target version changed from Unassigned CDM tickets to Release 5.0

Can you check if this is a duplicate to the new navigator implementation? Link the ticket if yes. Is there any further information in *this* ticket which might be helpful? If not close as duplicate and remove target version.

#6 - 05/17/2018 02:28 PM - Andreas Müller

- Status changed from New to Resolved

#7 - 05/17/2018 04:11 PM - Katja Luther

- Is duplicate of feature request #2380: TaxonNavigator should work with DTO objects instead of full blown cdm instances added

#8 - 05/17/2018 04:12 PM - Katja Luther

- Target version deleted (Release 5.0)

#9 - 05/17/2018 04:19 PM - Katja Luther

- *Status changed from Resolved to Closed*

#10 - 05/17/2018 05:43 PM - Andreas Müller

- *Status changed from Closed to Duplicate*

- *Private changed from Yes to No*
