EDIT - bug #5040

Allow transmission engine webservice to define area level

06/26/2015 08:01 PM - Andreas Müller

Status:	Closed		**Start date:**	
Priority:	Priority13		**Due date:**	
Assignee:	Andreas Kohlbecker		**% Done:**	100%
Category:	cdmlib-remote		**Estimated time:**	0:00 hour
Target version:	Release 3.8			
Severity:	normal		**Found in Version:**	

Description

Currently the namedAreaLevel to be used for transmission engine is hardcoded to TDWGLevel3 in DescriptionListController.doAccumulateDistributions.

For E+M this is not valid as we E+M uses its own vocabulary. We need to make areaLevelUuid a webservice parameter.
