

EDIT - feature request #5088

Redirect automatically to according page when search result has exactly one matching item

07/15/2015 11:57 AM - Andreas Kohlbecker

Status:	New	Start date:	
Priority:	Priority14	Due date:	
Assignee:	Andreas Kohlbecker	% Done:	0%
Category:	cdm-dataportal	Estimated time:	0:00 hour
Target version:	Unassigned CDM tickets		
Severity:	normal		
Description			
The name search already behaves like this.			
The same behaviour is requested for the Fauna Europaea experts search: #4321			
we should discuss if it makes sense to implement this as a general feature for searches in the dataportal. Do we want the taxon and description element search to behave the same?			
To be discussed in the BGBM User Meeting: #4585

History

#1 - 07/15/2015 11:58 AM - Andreas Kohlbecker

- Subject changed from automatic redirect to when search results have only one mathing item [DISCUSS] to automatic redirect to according page when search results have only one mathing item [DISCUSS]

#2 - 07/16/2015 10:54 AM - Andreas Müller

- Target version changed from DataPortal - Reviewed Next Major Release to Unassigned CDM tickets

#3 - 07/16/2015 11:19 AM - Andreas Müller

- Subject changed from automatic redirect to according page when search results have only one mathing item [DISCUSS] to [DISCUSS] Redirect automatically to according page when search result has exactly one matching item

#4 - 07/21/2015 03:11 PM - Andreas Kohlbecker

- Keywords changed from search, to search, FaunaEuropaea,

- Target version changed from Unassigned CDM tickets to Reviewed other components

- Priority changed from New to Priority14

- Subject changed from [DISCUSS] Redirect automatically to according page when search result has exactly one matching item to Redirect automatically to according page when search result has exactly one matching item

AK + AM: this makes sense for all searches except for the free text search.

So we will implement this feature for all other searches.

#5 - 10/08/2015 12:01 PM - Andreas Müller

- Target version changed from Reviewed Next Major Release to FaunaEuropaea Migration

Users: this is not generally wanted, at least not for taxon search

#6 - 10/08/2015 01:54 PM - Andreas Müller

- Status changed from New to Rejected

- Resolution set to wontfix

- % Done set to 0

- Target version deleted (FaunaEuropaea Migration)

As the specific request for Fauna Europaea is handled in #4321 I close this ticket.

#7 - 07/28/2016 10:32 AM - Andreas Kohlbecker

- Related to feature request #5999: Go directly to taxon page if only 1 result is returned for search added

#9 - 07/29/2016 03:19 PM - Andreas Müller

- Description updated
- Category deleted (cdm-dataportal)
- Target version set to Release 4.3

#10 - 07/29/2016 08:01 PM - Andreas Müller

- Status changed from Closed to Feedback
- Target version changed from Release 4.3 to Unassigned CDM tickets
- Resolution deleted (wontfix)

As this is now required also by others (e.g. Cuba) we should start implementing as configurable feature

#11 - 08/01/2016 11:20 AM - Andreas Müller

- Keywords changed from search, FaunaEuropaea, to search, FaunaEuropaea, Cuba

#12 - 09/02/2016 02:23 PM - Andreas Müller

- Category set to Import

#13 - 12/06/2016 01:25 PM - Andreas Müller

- Status changed from Rejected to Feedback

I don't know why this has still status "Rejected" though I changed it 4 month ago to "Feedback". Trying again

#14 - 05/11/2017 08:37 AM - Andreas Kohlbecker

- Status changed from Feedback to New
- Target version changed from Unassigned CDM tickets to Reviewed Next Major Release
- Private changed from Yes to No

No *feedback* is currently needed, I rather would set the state of the ticket to **new**, *in progress* also makes no sense since no one is currently working on it.

#15 - 05/11/2017 10:51 AM - Andreas Müller

- Target version changed from Reviewed Next Major Release to Unassigned CDM tickets

Don't know why it is moved to Reviewed. As it is a request from several users I would keep it in Unassigned so we can discuss when we can do this.
