History

#1 - 08/25/2015 01:40 PM - Katja Luther

in the merge strategy the adding of the person(s) to the new created team is missing.

we need:

- parsing the title of the old person whether there is a "&" and/or "," and creating one or more new persons
- adding these persons to the new created team.

#2 - 08/27/2015 01:33 PM - Katja Luther

maybe we should not use a merge for convertPerson2team because the new created team should have the person as a teammember, but with merge the person is deleted.

- Subject changed from *Converting persons to team members does not work* to *Converting persons to team members may result in "empty team"*

- Description updated

- Status changed from *New* to *Closed*

- Assignee changed from *Katja Luther* to *Andreas Müller*

- Target version changed from *Unassigned CDM tickets* to *Release 5.19*

- % Done changed from *0* to *100*

The "empty team" issue has been solved. The handling of team members has been moved to follow up ticket [#9363](#) as it is not a bug but a feature that needs to be configurable.

Changing subject of this ticket to be inline with actually fixed issue.
