

EDIT - task #5418

optimize lucene index if possible

12/01/2015 03:30 PM - Andreas Kohlbecker

Status:	New	Start date:	
Priority:	New	Due date:	
Assignee:	Andreas Müller	% Done:	0%
Category:	cdmlib	Estimated time:	0:00 hour
Target version:	Release 5.43		
Severity:	normal		

Description

we potentially can optimize the size of the lucene index which also would effect indexing time and resource consumption during the indexing process

1. reduce usage of term vectors? "... However, term vectors come with a cost. They store a lot of information and often take up a lot of disk space. This is bad because it can make indexing and searching slower (especially if the index size grows beyond the size of your OS cache). ..." <http://blog.jpountz.net/post/41301889664/putting-term-vectors-on-a-diet>

History

#1 - 03/23/2022 11:13 AM - Andreas Müller

- Tags changed from *lucene, performance* to *lucene, performance, search*
- Description updated
- Assignee changed from *Andreas Kohlbecker* to *Andreas Müller*
- Target version changed from *Unassigned CDM tickets* to *Release 5.44*

Decide if this can be done in 5.33

#2 - 03/23/2022 11:13 AM - Andreas Müller

- Private changed from *Yes* to *No*

#3 - 02/14/2024 11:35 PM - Andreas Müller

- Target version changed from *Release 5.44* to *Release 5.43*
