

EDIT - bug #5924

Change password leads to bad credentials

06/27/2016 05:04 PM - Andreas Müller

Status:	Closed	Start date:	
Priority:	Highest	Due date:	
Assignee:	Katja Luther	% Done:	100%
Category:	cdmlib	Estimated time:	0:00 hour
Target version:	Release 4.6	Found in Version:	
Severity:	normal		
Description			
Changing the password currently does not login with new password and leads to a bad credentials exception.			
Therefore we either need to change the credentials in the security context when changing the password in cdmlib (but only if the currently logged in user is the same as the user the password was changed for) or we relogin via the TaxEditor (but no reconnect to avoid "save unsaved changes").
