Target version:	Release 4.4		
Severity:	normal		

Description

The admin/config/cdm_dataportal/settings/layout/taxon offers the option:

```
[x] Show Back to search results link at the taxon site.
```

The following portals have the back to search button disabled:

- <http://flora-of-cyprus.eu/>
- <http://palmweb.org/>
- <http://portal.cybertaxonomy.org/euromed/>

The new block should be enabled for all existing portals except of those
