

EDIT - feature request #6016

task # 6014 (New): Use cdmlib validation framework for algae names

ICN rules in cdm validation framework implemented

07/25/2016 03:17 PM - Andreas Kohlbecker

Status: Rejected	Start date:
Priority: New	Due date:
Assignee: Andreas Kohlbecker	% Done: 0%
Category: cdm	Estimated time: 0:00 hour
Target version:	
Severity: normal	
Description	
ICN rules specially relevant the for algae names are to be collected in ticket #6015	
The resulting list of rule are meant to be used for validating data stored in the cdm, specifically the data of the phycobank project.	
Related issues:	
Related to Phycobank - task #6015: Assemble ICN rules special for algae names	Rejected

History

#1 - 07/25/2016 03:19 PM - Andreas Kohlbecker

- Project changed from Phycobank to EDIT
- Severity set to normal

#2 - 07/25/2016 03:21 PM - Andreas Kohlbecker

- Related to task #6015: Assemble ICN rules special for algae names added

#3 - 01/20/2021 07:37 PM - Andreas Müller

target version is missing! Is it still an open issue?

#4 - 02/01/2021 02:45 PM - Andreas Müller

Can you add some more information on what is required here?
And also we should set assignee, category and target version if possible

#5 - 02/01/2021 03:09 PM - Andreas Kohlbecker

- Description updated
- Category set to cdm
- Assignee set to Andreas Kohlbecker
- Target version set to Unassigned CDM tickets

To me it is very unclear if we will ever work on this ticket. So for there is only one rule in a sub-issue of yet in [#6015](#).

For not I will take this ticket until the decision has been made if we will reject or keep it. This decision will be based on the outcome of a discussion on [#6015](#)

#6 - 02/03/2021 07:59 AM - Andreas Kohlbecker

- Status changed from New to Rejected
- Target version deleted (Unassigned CDM tickets)

rejecting this ticket since [#6015](#) has also been rejected, see comments there
