EDIT - bug #6106

[Discuss] Handle rights and roles for CdmPreferences

09/21/2016 12:04 PM - Andreas Müller

Status:	Closed		**Start date:**	
Priority:	New		**Due date:**	
Assignee:	Andreas Müller		**% Done:**	0%
Category:	cdmlib		**Estimated time:**	0:00 hour
Target version:	Release 5.28			
Severity:	normal		**Found in Version:**	

Description

Currently every user can change CdmPreferences.

Do we need a new role "CdmPreferenceAdmin" or should the right be included in Role_Project_Manager?

How, to implement this in the services and in TaxEditor.

- Related to task #8602: Discuss: Local Preferences & Server-sided Preferences in same menu? added

#4 - 10/27/2021 12:23 AM - Andreas Müller

- Tags set to security, preferences

- Due date deleted (07/11/2016)

- Status changed from New to Resolved

- Assignee changed from Katja Luther to Andreas Müller

- Target version changed from Unassigned CDM tickets to Release 5.28

CDM Preferences are currently only available via the Admin menu which, I think, is only available for admin and Role_Project_Manager.
In #8602#note-5 it has also more or less been decided that DB preferences should be available via Role_Project_Manager. I think this makes sense and if nobody contradicts I take this as the decision. It was already documented as such add CdmAuthorisationAndAccessControl in context of #8602.

So I think the discussion part of this ticket is done. I open a new ticket for the remaining task to secure the PreferenceService methods accordingly: #9829

#5 - 10/27/2021 12:24 AM - Andreas Müller

- Copied to feature request #9829: Secure writing methods for CdmPreferences with role Role_Project_Manager added

#6 - 10/27/2021 04:28 PM - Andreas Müller

- Status changed from Resolved to Closed
