<i>NOTE: This issue has been imported from bitbucket (issue 8). All timestamps have been reset during the import.</i>			
The json responses correctly contain the checklist details in the response objects:			
http://cybertaxonomy.eu/eubon-utis/search.json?query=lxodes			
<pre>"checklist": "PESI", "checklistId": "pesi", "checklistUrl": "http://www.eu-nomen.eu/portal/index.php", "checklistVersion": null, "checklistCitation": null,</pre>			
but this is missing in xml responses:
