

## EDIT - bug #6245

### Servlet context reports error after automatic update has run

12/06/2016 12:15 PM - Andreas Kohlbecker

<b>Target version:</b>	Unassigned CDM tickets	<b>Found in Version:</b>	
<b>Severity:</b>	normal		
<b>Description</b>			
This phenomenon occurs always on the production server. On the first run of a new version of the cdmserver the databases are updated automatically but even if the update was successful the ServletContext reports errors and is stopped:
