Edit - bug #6385

Specimen Editor should handle new search same as bulk editor

01/25/2017 12:41 PM - Andreas Müller

Status:	Closed		**Start date:**	01/25/2017
Priority:	Highest		**Due date:**	
Assignee:	Katja Luther		**% Done:**	100%
Category:	taxeditor		**Estimated time:**	0.00 hour
Target version:	Release 4.7			
Severity:	normal		**Found in Version:**	

Description

For the bulk editors we realised that a new search should trigger a completely new session. Which also includes asking if potential changes (dirty data) should be thrown away a saved before new search.

Currently this is not the case in the specimen editor.

Generally the behavior (also for delete etc.) should be similar. How can this be guaranteed?

You should not invoke dispose() on the part because this is a UI method which is used to free any resources like handlers, listeners and images. I think you only want to close and open a new session. So we should extract that code into a new method which you can use in this case and which is

also invoked by the dipsose() method

#10 - 05/10/2017 10:59 AM - Katja Luther

- Assignee changed from Katja Luther to Patrick Plitzner

now cdmEntitySession.dispose() is called instead of editor.dispose(), so that only the session is closed, this method is also called in editor.dispose()

#11 - 05/12/2017 02:27 PM - Patrick Plitzner

- Status changed from Resolved to Closed

- Assignee changed from Patrick Plitzner to Katja Luther

- % Done changed from 50 to 100

seems fine

#12 - 07/04/2017 01:20 PM - Patrick Plitzner
