

EDIT - bug #6450

New reference with only the protected titleCache set is not found in reference select dialog

03/01/2017 03:25 PM - Andreas Müller

Status:	Resolved	Start date:	
Priority:	New	Due date:	
Assignee:	Andreas Müller	% Done:	50%
Category:	taxeditor	Estimated time:	0:00 hour
Target version:	Release 5.20	Found in Version:	Release 4.5
Severity:	normal		
Description			
If you choose "new Reference" in the reference selection dialog and you enter a new reference with a protected titleCache only + year it does not show up in the dialog afterwards. At least if the dialog is for a nomencl. reference.			
Maybe this example does not make to much sense, however, the case should be handled somehow. One solution is to adapt the prefilled search string.

ref #6450: show abbrev titlecache in nomenclatural ref selection dialog for new reference

History

#1 - 03/01/2017 03:25 PM - Andreas Müller

- Related to bug #6449: Nomenclatural references with protected titleCache are not shown correctly in name editor added

#2 - 03/02/2017 12:47 AM - Andreas Müller

The problem probably is the wrong selection of the search string. If we search for a nomenclatural reference we must not fill the selection dialog with the titleCache

#3 - 03/10/2017 10:55 AM - Andreas Müller

Maybe the concrete problem was partly fixed by [#6449](#), but should still exist if not only the titleCache is set (as protected) but also a year (or similar) is given.

#4 - 02/08/2021 11:15 AM - Katja Luther

- Status changed from New to Resolved

- Assignee changed from Katja Luther to Andreas Müller

- Target version changed from Unassigned CDM tickets to Release 5.20

The problem was that if no abbrevTitle exists the titleCache was used, now the abbrevTitleCache.

#5 - 02/08/2021 11:16 AM - Katja Luther

- % Done changed from 0 to 50
