

EDIT - bug #6454

NumberWithLabelElement.getFloat and .getInteger should return null

03/02/2017 09:43 AM - Andreas Müller

Status:	Closed	Start date:	
Priority:	Highest	Due date:	
Assignee:	Andreas Müller	% Done:	100%
Category:	taxeditor	Estimated time:	0:00 hour
Target version:	Release 4.6	Found in Version:	Release 4.5
Severity:	normal		
Description			
Currently it both return 0 if textfield is empty. In some cases this leads to value "0" while null is required. Before we need to check if any of the cases do not allow a null value.			
Currently the only known place is PolytomousKey.startNumber for Integer and StatisticalMeasurementValue.setValue(float). Both should be discussed to allow null as well.

- % Done changed from 50 to 100

I guess this is solved because nobody ever complained after this fix so it seems like all number fields seem to work -> Closing ticket
