EDIT - feature request #6487

Implement warning for multiple used records where ever needed

03/10/2017 01:59 AM - Andreas Müller

Status:	New	**Start date:**	
Priority:	Highest	**Due date:**

Target version:	Unassigned CDM tickets		
Severity:	critical		

Description

We have implemented warnings for references and maybe some others if they are used multiple times (and therefore editing is dangerous as it may destroy data at other places).

As we started this task people get used to it and expect to be warned in such cases. So if no warning is given they think no multiple usage exists. Therefore we should try to implement it where ever needed as fast as possible.

Here is a list of all places where it might be needed (to be continued):

- Rights
- Names in Name Detail View
- Taxa in Name Editor and Taxon Details View
- Persons + Teams (!!)
- Media
- Specimen
- Collections
- *TBC*
