Description

There are 2 open issues:

- ~~null values should not be shown as 0, but should be considered as being empty. If all values are null the parameter should not be shown or it should be indicated that no data is available.~~ covered by #7578.
- If freetext is available, only the freetext should be shown (see comment e.g. on GatheringEvent#distanceToGroundText).

For the freetext issue also see
http://test.e-taxonomy.eu/dataportal/preview/cichorieae/cdm_dataportal/taxon/1ad7630a-290b-464f-99e3-43c9dfb3c38b/specimens

Note: I created an example record here:
http://test.e-taxonomy.eu/dataportal/preview/cichorieae/cdm_dataportal/taxon/1ad7630a-290b-464f-99e3-43c9dfb3c38b/specimens
but this may be overwritten by importing a new production DB to test.

For related tasks see also #6412

- Status changed from New to Rejected

- Target version deleted (Release 5.2)

Rejecting this issue as only the symptom is described here.
The actual cause is false serialization of Double values which are null, see [#7578](#7578)

#14 - 07/31/2018 09:33 AM - Andreas Müller

- Status changed from Rejected to Resolved

- Assignee changed from Andreas Kohlbecker to Andreas Müller

Reopen for review as the freetext issue is not covered by [#7578](#7578).

(Also I would prefer "Duplicate", not "Rejected" as status, describing symptoms is the default for tickets at beginning, as often the reason for a symptom is not known)

#18 - 08/17/2018 09:44 AM - Andreas Kohlbecker

- Status changed from Resolved to Closed

- % Done changed from 50 to 100

Works for the examples given in this issue.
