##### Revision b1d0969b - 11/06/2017 08:43 AM - Patrick Plitzner

ref #6568, #6925 Switch product to pure e4

- add navigation part stack

##### Revision 6a6c8c84 - 11/06/2017 09:42 AM - Patrick Plitzner

ref #6568 Migrate taxonomic perspective

##### Revision 41c85b8b - 11/06/2017 10:39 AM - Patrick Plitzner

ref #6568, #6925 Convert PartDescriptors to parts, add to perspectives

##### Revision be5f1c58 - 11/16/2017 04:56 PM - Patrick Plitzner

ref #6568 Add perspective switcher

##### Revision efb6bb74 - 11/17/2017 11:52 AM - Patrick Plitzner

ref #6568 Enhance perspective switcher

- Use icons instead of combo
- add polytomous and derivative perspective

##### Revision 0da360d2 - 02/06/2018 03:55 PM - Patrick Plitzner

ref #6568 Add working set perspective

##### Revision 61fadfde - 02/13/2018 01:14 PM - Patrick Plitzner

ref #6568 Add WS icon for WS perspective

## History

---

### #1 - 04/19/2017 07:20 AM - Patrick Plitzner

- Subject changed from *Migrate perspecitves* to *Migrate perspectives*

### #2 - 05/04/2017 02:03 PM - Andreas Müller

- Tags set to *eclipse4*
- Priority changed from *New* to *Highest*
- Target version changed from *Release 4.7* to *Reviewed Next Major Release*

### #3 - 10/27/2017 12:54 PM - Patrick Plitzner

- Status changed from *New* to *Resolved*
- % Done changed from *0* to *50*

Applied in changeset [taxeditor|b0b8da6ccf96efa69f889f75b1cb0f66358309a1](#).

### #4 - 10/27/2017 12:54 PM - Patrick Plitzner

- Assignee changed from *Patrick Plitzner* to *Andreas Müller*

### #5 - 10/27/2017 12:57 PM - Patrick Plitzner

- Status changed from *Resolved* to *Feedback*

The perspectives should work like before but they are still using e3

### #6 - 04/27/2018 11:57 PM - Andreas Müller

- Assignee changed from *Andreas Müller* to *Patrick Plitzner*

what does this mean. Should it be reviewed or is there still some work to do?

### #7 - 05/07/2018 04:02 PM - Patrick Plitzner

- Assignee changed from *Patrick Plitzner* to *Andreas Müller*

The perspectives were not migrated to e4 but I adapted them a little. Maybe just take a quick look if all views are present, at the correct position and with the expected size. Then we can close this ticket.

### #8 - 05/07/2018 04:02 PM - Patrick Plitzner

- Target version changed from *Reviewed Next Major Release* to *Release 5.0*

### #9 - 05/15/2018 11:48 AM - Andreas Müller

- File *picture486-1.png* added
- Assignee changed from *Andreas Müller* to *Patrick Plitzner*

For me the perspective selector does also show the "Team Synchronizing" perspective (see attachment). It would be nice if we could remove this as it is not related to EDIT but a base feature from eclipse that we do not need.

### #10 - 05/15/2018 11:51 AM - Patrick Plitzner

Did you test this with the nightly release?

### #11 - 05/15/2018 11:52 AM - Andreas Müller

- % Done changed from *50* to *80*

All the rest seems fine.

Except for the fact, that the view positions are not automatically stored anymore when closing the TaxEditor. We had discussed that this will work again after full e4 migration. But as we will not 100% migrate for now, we will need another solution. Is there a ticket for this already? Can you link it?

**#12 - 05/15/2018 11:52 AM - Andreas Müller**

Did you test this with the nightly release?

Yes. Todays build.

**#13 - 05/16/2018 08:05 AM - Patrick Plitzner**

- Assignee changed from Patrick Plitzner to Andreas Müller

Did you test this with the nightly release?

Yes. Todays build.

Could you test once if moving/renaming the .cdmlibrary folder solves this issue?

**#14 - 05/16/2018 09:42 AM - Patrick Plitzner**

@AM: or could you do a search for workbench.xmi in your installation folder and in your home folder. It seems like some perspectives are cached in this file. I had the same problem when starting from my workspace.

**#15 - 05/16/2018 12:18 PM - Andreas Müller**

- Assignee changed from Andreas Müller to Patrick Plitzner

Deleting .cdmLibrary solved the problem. Deleting workbench.xmi in installation folder did not. workbench.xmi in home folder did not exist.

**#16 - 05/16/2018 02:10 PM - Patrick Plitzner**

- Status changed from Feedback to Closed  
- % Done changed from 80 to 100

I close this ticket as this only occurs in rare cases and it is not critical if other perspectives are shown. The general problem of the cached workspace model will be handled here [#6745](#)
