Severity:	normal		
Description			
Wildcards cannot be used in the advanced search since the portal always creates a phrase search string:			
<ul style="list-style-type: none">• test entered in search field: Lactu*• search string used in query: "Lactu*"			
Important related information:			
<ul style="list-style-type: none">• non phrase searches with wildcards have been fixed in #6354• the search string has been wrapped in quotation marks in order to fix another problem: #....
