

EDIT - bug #6707

transient properties managed by ToManyRelatedEntitiesListSelect are not updated on save

Target version:	Release 5.0	Found in Version:	
Severity:	normal		
Description			
The TaxonNamePopupEditor uses a ToManyRelatedEntitiesComboboxSelect to allow editing the associations to basionym names. Changes are not saved, though.			
The reason for this is that Vaadin MethodProperties are readonly when no setter is available, the commit of the ToManyRelatedEntitiesListSelect is not working in this case.
