

Edit - feature request #6746

Implement DetailsView and show SupplementalDataView for Feature Tree and FeatureNode

06/21/2017 07:54 AM - Patrick Plitzner

Status:	Closed	Start date:	06/21/2017
Priority:	New	Due date:	
Assignee:	Patrick Plitzner	% Done:	70%
Category:	taxeditor	Estimated time:	0.00 hour
Target version:	Release 5.0		
Severity:	normal		
Description			
for feature node we need inapplicableif and onlyapplicableif to be editable. Also it is nice to have id and uuid shown			
For FeatureTree we need all the Identifiable Entity attributes to be editable. In future also multi language support for the title may be relevant.

- Related to task #7374: Set titleCache of feature trees to protected as long as i18n support does not yet exist. added

#6 - 04/26/2018 11:41 PM - Andreas Müller

- Status changed from Resolved to Feedback

- Assignee changed from Andreas Müller to Patrick Plitzner

As i18n support does not exist yet (and we maybe need model change for it) we should currently only allow title cache be protected and therefore remove the "lock" symbol as it has no function.
