

EDIT - bug #6784

Right click menu in Specimen Editor appears after Details View refresh

Description			
When right clicking on a specimen in the Specimen Tree Editor it takes some time until the menu appears. It seems that first the details view is refreshed and only then the menu appears.

 - Target version changed from Unassigned CDM tickets to Reviewed Next Major Release

When I tested, the context menu was rendered first and afterwards the details view. Could you try again? Maybe this issue has already been solved.
