Severity:	normal		**Found in Version:**	

Description

Walter:

Ich habe die Landesbezeichnung im Term-Editor für Named Area in El Salvador geändert – das wird aber auch nach einem Reconnect im Factual Data view nicht übernommen – bei den Admin-Database Repair Options fehlen die Specimen beim Cache-Update.

===

Also Person and Team are missing in Cache-Updater

Associated revisions

Revision 2fe99213 - 08/15/2017 09:53 AM - Katja Luther

add specimen, person and team cache updater to admin menu

ref #6828:adapt cache updater to work for specimenOrObservationBase

History

#1 - 07/18/2017 11:48 AM - Andreas Müller

Shouldn't we split this in 2 tickets? Also I guess at least part 2 is to be assigned to KL?

#2 - 07/18/2017 11:49 AM - Andreas Müller

- Subject changed from Change of NamedAre terms does not get reflected in facutal data view to Change of NamedArea terms does not get reflected in facutal data view

Then I did not understand what the problem was. Can you split up the ticket, please?

#4 - 07/18/2017 02:28 PM - Andreas Müller

- Subject changed from Change of NamedArea terms does not get reflected in facutal data view to SpecimenOrObservation missing in Cache updater

- Assignee changed from Andreas Müller to Katja Luther

- Target version changed from Unassigned CDM tickets to Release 4.9

maybe you are right, I thought it is also an update problem in the factual data view, but probably it is mostly a specimen titleCache update issue which can be worked around with including specimen to the admin cache updater.

#5 - 07/21/2017 10:28 AM - Andreas Müller

- Target version changed from Release 4.9 to Release 4.10

#6 - 08/01/2017 12:36 PM - Andreas Müller

- Tags set to salvador

#7 - 08/01/2017 12:37 PM - Andreas Müller

- Description updated

#8 - 08/22/2017 11:17 AM - Katja Luther

- Status changed from New to Resolved

- Assignee changed from Katja Luther to Patrick Plitzner

please review

#9 - 08/22/2017 12:41 PM - Patrick Plitzner

- Status changed from Resolved to Feedback

- Assignee changed from Patrick Plitzner to Katja Luther

I am not sure how to test the titleCache generation but the code looks fine.
Is there a way to produce a "wrong" titleCache which can be repaired?

#10 - 08/22/2017 01:03 PM - Katja Luther

Change the title of a person which is used as collector in bulk editor. Then the titleCache of the field unit needs to be updated.

#11 - 08/28/2017 12:35 PM - Katja Luther

- Assignee changed from Katja Luther to Patrick Plitzner

#12 - 09/15/2017 03:55 PM - Patrick Plitzner

- Status changed from Feedback to Closed

- Assignee changed from Patrick Plitzner to Katja Luther

- % Done changed from 0 to 100

Updating the chache via the admin menu works fine

#13 - 09/24/2017 11:05 PM - Andreas Müller

- Subject changed from SpecimenOrObservation missing in Cache updater to SpecimenOrObservation and Person/Team missing in Cache updater
