History

#1 - 10/15/2009 02:07 AM - Andreas Müller

Is this still an open issue?

#2 - 10/15/2009 09:27 AM - Andreas Kohlbecker

Yes still an open issue.

#3 - 10/16/2009 12:11 AM - Andreas Müller

- Target version changed from CDM lib Release 2.0 to CDM lib Release 2.3

#4 - 07/02/2021 11:13 PM - Andreas Müller

- Description updated
- Status changed from New to Feedback
- Target version changed from cdmlib - Old Next Major Release to Release 5.45

We do have tests for AdvancedBeanInitializer which is used as default now. So I don't know if we still need to implement this ticket (or maybe it is indirectly implemented via the AdvancedBeanInitializerTests). What do you think?

#5 - 07/05/2021 09:41 AM - Andreas Kohlbecker

- Status changed from Feedback to Worksforme
- Target version deleted (Release 5.45)
- Private changed from Yes to No

Correct, the AdvancedBeanInitializerTests should be sufficient, even if I can't tell if we have 100% test coverage. Nevertheless, we can close this ticket.
