

EDIT - bug #6900

Handle virus names correctly in CoL

08/09/2017 02:12 PM - Andreas Müller

Status:	New	Start date:	
Priority:	New	Due date:	
Assignee:	Andreas Müller	% Done:	0%
Category:	cdmadapter	Estimated time:	0:00 hour
Target version:	Unassigned CDM tickets	Found in Version:	Release 4.9
Severity:	normal		
Description			
<p>Virus names are not handled correctly in the CoL DwCA as genus names have a ":" at the end and fields like specific epithet etc. are filled though they do not exist for virus names according to the code(?).</p> <p>A mail has been send to CoL team to correct this. Until then and in general we need to try to correctly import theses names (and check if they are editable and correctly published).</p>
