EDIT - bug #6940

setKindOfUnit creates a new FieldUnit if the derivedUnit is not directly derived from the fieldUnit

History

#1 - 09/12/2017 08:55 AM - Katja Luther

the method getFieldUnit should not return the field unit of the derived unit but the field unit of the while hierarchie. or it should be possible to get this field unit. there is a service method getFieldUnits in OccurenceService which does exactly this.

#2 - 09/12/2017 09:05 AM - Katja Luther

- Status changed from New to Rejected

this was a problem in ABCD Import because the fieldUnit was not set yet.

#3 - 09/12/2017 09:41 AM - Andreas Müller

- Target version deleted (Release 4.10)
