EDIT - bug #7060

Concept graph view works only for relationships in one direction

11/06/2017 06:22 PM - Andreas Müller

Status:	New	**Start date:**	
Priority:	New	**Due date:**

Target version:	Unassigned CDM tickets		
Severity:	normal	**Found in Version:**	

Description

If one creates a concept relationship in the concept relationship view it does not show up in the concept graph view. Only going to the taxon the first taxon is related to shows the graph.

It looks like the graph supports only one concept direction.

Note: the concept view is an experimental feature
