

EDIT - bug #7080

Fix matching for empty time periods

11/22/2017 12:31 PM - Andreas Müller

Status:	Closed	Start date:	
Priority:	Highest	Due date:	
Assignee:	Andreas Müller	% Done:	0%
Category:	cdmlib	Estimated time:	0:00 hour
Target version:	Release 4.12	Found in Version:	
Severity:	normal		
<b>Description</b>			
If a time period is empty it will be loaded as an empty TimePeriod if the object is persisted. A new object may not have a TimePeriod at all. The behavior in general is the same but during matching this was not considered yet. Similar to empty and null Strings.
