Description

After an exception or closing the navigator the synchronization between navigator and name editor does not work like it is shown with the button. I think it always starts with "no synchrinization" but it is shown the last state.

Looks good. But can you replace the part id in findPart("eu.etaxonomy.taxeditor.navigation.navigator"); with the constant defined in AppModelId.java of the taxeditor.navigation project? Then we can close this ticket

#6 - 02/16/2018 12:25 PM - Katja Luther

- Status changed from Feedback to Closed

constant is replaced
