The filter for areas does not yet correctly remember if "Country" is disabled. Next time when the filter is opened "Country" is again enabled.

#4 - 12/19/2017 01:29 PM - Andreas Müller

If the search string is still empty, after setting the filter ALL areas are loaded. This is unexpected behavior and should happen only if "" is written in the search box.

#5 - 12/19/2017 01:31 PM - Andreas Müller

Cancel does not yet work in filter dialog. It works like ok instead.

#6 - 12/19/2017 01:32 PM - Andreas Müller

The filter dialog is still missing a title

#7 - 12/19/2017 01:32 PM - Andreas Müller

- % Done changed from 0 to 70

#8 - 12/19/2017 02:39 PM - Andreas Müller

There is an issue if NO vocabulary is chosen in area search filter. See also <https://dev.e-taxonomy.eu/redmine/issues/7121#note-4>

Maybe we should not allow to choose none and disable OK button in this case. However, the issue needs to be handled correctly in cdmlib, too.
