

EDIT - feature request #7152

Make LSID another Alternative Identifier

01/04/2018 02:44 PM - Andreas Müller

Status:	New	Start date:	
Priority:	Priority13	Due date:	
Assignee:	Andreas Müller	% Done:	0%
Category:	cdm	Estimated time:	0:00 hour
Target version:	CDM UML 5.43		
Severity:	normal		
Description			
Currently we handle LSIDs as part of identifiable entities. We may want to handle them as ordinary identifiers, such as WFO-ID and others.			
We need to discuss if we want to keep (and, if yes, how to integrate) existing LSID classes for parsing, etc. (search for "LSID" in ticket system)
