

EDIT - task #7202

[DISCUSS] Can we remove equals override from some classes directly inheriting from CdmBase

01/18/2018 12:06 PM - Andreas Müller

Status:	New	Start date:	
Priority:	New	Due date:	
Assignee:	Andreas Kohlbecker	% Done:	0%
Category:	cdmlib	Estimated time:	0:00 hour
Target version:	Unassigned CDM tickets		
Severity:	normal		
Description			
<p>This is a prerequisite to make CdmBase.equals() final. For discussion see #7155 and javadoc in CdmBase.equals().</p> <p>The most important classes are</p> <ul style="list-style-type: none">• GrantedAuthorityImpl• LSIDAuthority <p>Some further classes are related to the validation framework</p> <ul style="list-style-type: none">• EntityConstraintViolation• Some test classes for validation framework <p>Can you please check if these equal implementations are really needed in cdmlib and/or in UIs. If only needed for UIs we should find another solution. If needed in cdmlib we will need to discuss if no other solution exists.</p> <p>I give this ticket first to AK as he is most familiar with GrantedAuthorityImpl and has a use case for LSIDAuthority (CoL webservice) but everybody should check.</p> <p>The GrantedAuthorityImpl.equals seems to be implemented by Cherian. Maybe he needed it only for UI (GrantedAuthority editor).</p>
