Category:	cdm-dataportal	Estimated time:	0:00 hour
Target version:	Unassigned CDM tickets		
Severity:	normal		

Description

This test suite will generically test common functionality on multiple dataportal installations

- Base the test suite on the existing data portal framework which is based on selenium: [source:cdm-dataportal/src](#)
- The list of dataportal urls is derived via HTTP GET from an URL like <http://160.45.63.173/dataportals.txt>
