EDIT - feature request #7394

parsing behaviour and layout of the period part issues

Description

The parsing behavior is somewhat unclear. E.g.

- Enter date 1.1.2006 into "Parse" Textbox => according date shows up in label and in atomized Start textboxes
- Remove text from "Parse" => label disappears, however Start textboxes are still filled
- Change value in Start-Year to 2005 => 2005 appears in label

Looks like the the Start textboxes are not emptied correctly while the values are internally deleted already.

Another minor and general issue:

The labels "Start" and "End" are not on the same hight as the according labels for "Year", "Month" and "Day". See attachment.
