Description

copied from #7065

- Open name editors are not checked for existing changes. When they are closed changes get lost. This is unwanted. Ask for saving before operation starts.
- Only name editors are updated but not e.g. bulk editors.

Tested on nightly.

- Ask for saving before operation starts. -> this is fixed

- Only name editors are updated but not e.g. bulk editors. -> bulk editors are not updated

I opened a taxon in the name editor and in the bulk editor. Then I changed the sec reference.
The name editor was closed and re-opened but the bulk editor did not change still showing the old sec reference in the details view. Even worse, when running the search again, the title cache shows correctly in the bulk editor and in the details view but the "Secundum" still has the old value.

Closing and re-opening the bulk editor solved this problem and now everything is shown correctly.

there was an update yesterday (Revision 78bbc734), maybe you tested before? I tested again on nightly and the bulkeditor was updated correctly.

#12 - 04/05/2019 11:26 AM - Patrick Plitzner

- Status changed from Feedback to Resolved

- Assignee changed from Patrick Plitzner to Andreas Müller

- % Done changed from 50 to 80

I tested again just now and it works as expected. The bulk editor also updates correctly

#13 - 04/08/2019 06:53 PM - Andreas Müller

- Status changed from Resolved to Closed

- Assignee changed from Andreas Müller to Katja Luther

I tested with publish flag. It also worked for both name editor and bulk editor.

#14 - 04/08/2019 06:53 PM - Andreas Müller

- % Done changed from 80 to 100
