- % Done changed from 50 to 0

This is now complete even if it is not yet possible for submitter to change the status due to the bug [#7531](#). But this is another task which is handled separately, so this issue here can be closed one the review has been done.

@Henning: Please review this implementation by testing with a user having the role Curator.

Henning created an new and closely related ticket: [#7618](#)

**#9 - 08/20/2018 02:20 PM - Wolf-Henning Kusber**

- Status changed from Resolved to Duplicate

**#10 - 08/27/2018 01:22 PM - Andreas Kohlbecker**

- Status changed from Duplicate to In Progress
- Assignee changed from Wolf-Henning Kusber to Andreas Kohlbecker
- Target version changed from Release 5.2 to Release 5.3

This issue should not be closed as duplicate as it contains the references to the code changes.

I will rather close the issue after copying all relevant information to here:

outcome of the review made in issue [#7618](#):

- 1. Curator can not choose all registration status, only Preparation and Curation are available
- > needs to be fixed

**#11 - 08/29/2018 04:28 PM - Andreas Kohlbecker**

- Status changed from In Progress to Closed
- Target version changed from Release 5.3 to Release 5.2

For curators all status are available but the selection of the available status is limited to guarantee a directed and clear workflow. Only states which make sense for the next step in the workflow are allowed.

The possible transitions are:

Current status	Next allowed status
PREPARATION	CURATION
CURATION	PREPARATION, READY
READY	PUBLISHED, REJECTED
PUBLISHED	
REJECTED	

Closing this issue as solved.
