

Edit - bug #7529

Wrong UUID after creating a GrantedAuthority for a Role like ROLE_PUBLISH

07/03/2018 09:44 AM - Andreas Kohlbecker

Status:	New	Start date:	07/03/2018
Priority:	New	Due date:	
Assignee:	Andreas Müller	% Done:	0%
Category:	taxeditor	Estimated time:	0.00 hour
Target version:	Unassigned CDM tickets	Found in Version:	
Severity:	normal		

Description

The ROLE_PUBLISH was not yet in the database and thus was created using the Taxeditor GrantedAuthority Create Dialog.

The resulting GrantedAuthority in the database has the wrong uuid:

72 | 2018-07-03 07:29:27 | 0ada8cd5-8cdd-4fc0-a329-59d4d122008a | ROLE_PUBLISH

the Role has a different uuid in the code:

```
public final static Role ROLE_PUBLISH = new Role(UUID.fromString("9ffa7879-cc67-4592-a14a-b251cccdela7"), "ROLE_PUBLISH");
```

I am not sure if this is a taxeditor issue or if the cdmlib methods being are missing to handle this correctly. But first of all we should take a look at the taxeditor.
